ICMDSAI'25

FACULTÉ DES SCIENCES ET TECHNIQUES DE MOHAMMEDIA
UNIVERSITÉ HASSAN II DE CASABLANCA

Laboratory of Mathematics Computer Science and Applications

Organize

The first International Conference on Mathematics, Data Science and Artificial Intelligence

ICMDSAI'25

November 28th,2025, Mohammedia-Morocco

General Chairs

Pr. AZOUAGH Nabil — FSTM, UH2C
Pr. Moussaid Ahmed — FSTM, UH2C

Organizing Committee

Pr. ABASSI Asmaa — FSTM, UH2C
Pr. ABOU EL HANOUNE Younes — ENSAH, UAE
Pr. ALLALI Karam — FSTM, UH2C
Pr. AMINE Saida — FSTM, UH2C
Pr. AZOUAGH Nabil — FSTM, UH2C
Pr. GOUASNOUANE Omar — FSTM, UH2C
Pr. JOUNDY Youssef — FPSB, UCD
Pr. KABIL Mustapha — FSTM, UH2C
Pr. LMAKRI Aziz — ENSAM, UH2C
Pr. MARZOUKI Faouzi — ESTT, UAE
Pr. MOUSSAID Ahmed — FSTM, UH2C
Pr. MOUSSAID Noureddine — FSTM, UH2C
Pr. SBAI Hanae — FSTM, UH2C
Pr. TAIK Ahmed — FSTM, UH2C
Pr. YAFIA Radouane — FSK, UIT
Pr. Zeroual Imad — FSTR, UMIM

Junior Commitee

DAHMAN Mohammed — FSTM, UH2C
ELKHOUMRI Abdelmojib — FSK, UIT
GRARI Meryem — FSO, UMP
LABAIHI Mohammed — FSTM, UH2C
MAROUANE Insaf — FSTM, UH2C
NAJM Fatiha — FSK, UIT
TAHA Abdellatif — FSTM, UH2C

Topics

Topic 1: Statistics, probability and their applications in IA

Topic 2: Mathematical Methods in Physics and new Technologies

Topic 3: Algebra & Functional Analysis

Topic 4: Mathematical Modeling, Dynamical systems and applications

Topic 5: Big Data and Power BI

Topic 6: Computer sciences for IA

Topic 7: Datamining, Machine learning and IA

Important Dates

*SUBMISSION OF ABSTRACTS 10 /11/ 2025
*NOTIFICATION OF ACCEPTANCE 15/11/2025
*REGISTATION & PAYMENT 20/11/2025

Description

ICMDSAI'25 marks the inaugural edition of an international conference dedicated to presenting groundbreaking research, proposing innovative solutions, and tackling major challenges in the fields of Mathematics, Data Science, and Artificial Intelligence. This interdisciplinary event aims to unite researchers, professionals, engineers, policymakers, and students to exchange ideas, foster collaboration, and advance the frontiers of knowledge and technology.

Objective

This day aims to:

- Explore emerging techniques in Mathematics and Artificial Intelligence
- Promote research outcomes grounded in mathematical modeling
- Engage young researchers in the fields of Artificial Intelligence and Applied Mathematics
- Foster and strengthen scientific exchanges among participants and PhD students in the region

INVITED SPEAKERS

Pr. ALAOUI M. A. Aziz
University of Le Havre Normandie
France

Pr. KHAMJANE Aziz
University of Sidi Mohamed Ben Abdellah FP, Taza, Morocco

Pr. Zeroual Imad
University of Moulay Ismail, Faculty of Sciences and Technics, Meknes, Morocco

Pr. KISSAMI Imad
University Mohemmed VI Polytechnic, (UM6P), BEN Guerir, Morocco

PUBLICATIONS
All accepted Papers will be Published in a Scopus Indexed journal
